

Reimbursement Policy

Subject: Modifier 91: Repeat Clinical Diagnostic Laboratory Test

Effective Date:

07/01/17

Committee Approval Obtained:

08/07/20

Section:

Coding

*****The most current version of the reimbursement policies can be found on our provider website. If you are using a printed version of this policy, please verify the information by going to <https://providers.amerigroup.com>.*****

These policies serve as a guide to assist you in accurate claim submissions and to outline the basis for reimbursement if the service is covered by a member's Amerigroup Medicare Advantage benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT® codes, HCPCS codes and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to participating providers and facilities; a noncontracting provider who accepts Medicare assignment will be reimbursed for services according to the original Medicare reimbursement rates.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Amerigroup Medicare Advantage may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.

Amerigroup Medicare Advantage reimbursement policies are developed based on nationally accepted industry standards and coding principles. These policies may be superseded by mandates in provider, state, federal or CMS contracts and/or requirements. System logic or setup may prevent the loading of policies into the claims platforms in the same manner as described; however, Amerigroup Medicare Advantage strives to minimize these variations.

Amerigroup Medicare Advantage reserves the right to review and revise our policies periodically when necessary. When there is an update, we will publish the most current policy to this site.

Policy

Amerigroup Medicare Advantage allows reimbursement of claims for repeat clinical diagnostic laboratory tests appended with Modifier 91 unless provider, state, federal or CMS contracts and/or requirements indicate otherwise.

	<p>Reimbursement is based on 100% of the applicable fee schedule or contracted/negotiated rate of the clinical diagnostic laboratory test billed with Modifier 91.</p> <p>Medical documentation may be requested to support the use of Modifier 91. It is inappropriate to use Modifier 91 when only a single test result is required.</p> <p>Failure to use the modifier appropriately may result in denial of the repeated laboratory test as a duplicate service.</p>
