

## Provider update

# Updated claims submission requirements for adult day center

**Summary of change**: Effective January 1, 2020, claims submission requirements for day care services provided under Medicare supplemental benefits for Amerigroup in Arizona will change.

### Claims submission forms and codes are as follows

When submitting claims, providers must use the *Universal Benefit Claim Form* for paper submissions or an *837 Institutional Form* for EDI. Please include the following information to ensure the claim does not trigger a rejection and is routed appropriately:

- Bill type 089 (special facility other)
- Revenue code: 3103 adult care-adult day care, medical and social-daily
- Diagnosis code: R62.7
  - CPT<sup>®</sup> code: S5102
- Modifier: UD
  - The UD modifier is essential as an identifier for Medicare claims. If this modifier is not present, the claim will deny for Medicare.

**Noncompliance with these new requirements may result in denied claims.** Note: To have claims paid, these benefits will continue to require prior authorization (PA).
