

Update Notice of changes to the AIM Musculoskeletal Program prior authorization requirements and setting determinations

As you know, AIM Specialty Health® (AIM)* administers the musculoskeletal program which includes the medical necessity review of certain surgeries of the spine and joints and interventional pain treatment. For certain surgeries, the review also includes a consideration of the level of care.

Effective November 1, 2020, according to the AIM Level of Care guideline, it is generally appropriate to perform joint codes (CPT codes 27130, 29871, 29892) and four spine codes (CPT codes 22633, 22634, 63265 and 63267) in a hospital outpatient setting. To avoid additional clinical review for these procedures, providers requesting prior authorization, should either choose *hospital observation* admission as the site of service or Hospital Outpatient Department (HOPD). If the provider determines that an inpatient stay is necessary due to post-operative care requirements, they can initiate a concurrent review request for inpatient admission with the health plan by contacting the number on the back of the member ID card.

We will review requests for inpatient admission and will require the provider to substantiate the medical necessity of the inpatient setting with proper medical documentation that demonstrates one of the following:

- Current postoperative care requirements are of such an intensity and/or duration that cannot be met in an observation or outpatient surgical setting.
- Anticipated postoperative care requirements that cannot be met, even initially, in an observational surgical setting due to the complexity, duration, or extent of the planned procedure and/or substantial preoperative patient risk.

Peer-to-peer conversations are available to a provider at any time to discuss the applicable clinical criteria and to provide information about the circumstances of a specific member.

Providers should continue to submit pre-service review requests to AIM using one of the following ways:

- Access AIM *ProviderPortalSM* directly at <http://providerportal.com>. Online access is available 24/7 to process orders in real-time. This provides the fastest and most convenient way to request authorization.
- Access AIM via the Availity Portal at <https://www.availity.com>
- Call the AIM toll-free number at **1-800-714-0040** Monday through Friday 8:30 a.m. to 7 p.m. Central time.

* AIM Specialty Health is an independent company providing some utilization review services on behalf of Amerigroup Iowa, Inc. Availity LLC is an independent company providing administrative support services on behalf of Amerigroup Iowa, Inc.

If you have questions about this communication or need assistance with any other item, contact your local Provider Relations representative or call Provider Services at **1-800-454-3730**.
