

## Provider Advisory Group

The Provider Advisory Group (PAG) through Amerigroup conducts specialized provider meetings on either a monthly or quarterly basis via web meeting for various provider types and administrators. The PAG provides a forum for providers to have ongoing input into the activities of Amerigroup. We welcome and encourage active participation from our contracted providers.

For additional information about participation, please contact [Cherie.Laiche@amerigroup.com](mailto:Cherie.Laiche@amerigroup.com) or your local Provider Relations representative.
