

# Online provider trainings in Texas

**Did you know** that you and your staff can complete provider orientation and Texas Health Steps (THSteps) training online on the secure Amerigroup provider website?

You can now take voice-recorded provider orientations and THSteps trainings at a time that works best for you and your staff. Some providers find this more convenient than the traditional webinars offered once a month.

To access the online trainings, log in to the Availity Portal (<https://www.availity.com>) and select Provider Education > Tutorials and Training.

Of course, if you would like an in-person training, be sure to reach out to your Provider Relations representative to coordinate for you.

**If you have questions,** call Provider Services at 1-800-454-3730.
