

Incentive delay notice

This message provides an update regarding the 2019 Pay for Quality (P4Q) program, which rewards primary care providers (PCPs) for helping us meet HEDIS® quality measure standards. Program objectives are to improve targeted clinical quality results, promote safe and effective patient care, and increase preventive care services for our members. The program materials outlined the incentive payment was scheduled to be made in June 2020. Please note, the payment will be delayed, but Amerigroup will work to quickly remove any barriers and distribute incentive payments by end of September 2020.

If you have any questions concerning this matter, please contact your Provider Relations representative. As always, we appreciate the quality of care our providers consistently offer to our members.
