Clearinghouse Helps Ensure Timely and Accurate Claims Payment for Vaccines Covered by Medicare Part D

Providers who have administered a shingles or tetanus vaccine to our individual and group-sponsored Medicare Advantage plan members with pharmacy benefits may encounter a denial because the claim is covered under Medicare Part D only.

To streamline your claim processing and payment (as applicable) for these and other preventive vaccines covered under Part D, providers may use TransactRX, a clearinghouse for claims submission.

To use TransactRX please contact the clearinghouse at the web site (<http://www.transactrx.com>) or call Customer Service at 866-522-3386. Physicians, facilities, health clinics and pharmacies may use this clearinghouse to process Part D claims. There is no charge to providers who use electronic funds deposit to receive payment. There is a service fee of \$2.50 for check payments on claims.

The Centers for Medicare & Medicaid Services provides more information on Part D vaccines [here](#).
