

## New Texas Credentialing Verification Organization coming April 1, 2018

Beginning April 1, 2018, Amerigroup STAR+PLUS MMP (Medicare-Medicaid Plan) will use a Credentialing Verification Organization (CVO), Aperture, for all new initial credentialing and recredentialing requests.

### What this means to me:

- You will continue to contact Amerigroup STAR+PLUS MMP at 713-218-5112 or 855-817-5783 ext. 36016, fax to 855-225-9928 or email at [TXCredentialing@amerigroup.com](mailto:TXCredentialing@amerigroup.com) to indicate your wish to enroll; this applies for all products.
- Be prepared to provide the following information Provider/Facility Details, Primary Practice/Facility Details, and Credentialing Contact information or complete a *Letter of Interest Form*. Do not send Amerigroup STAR+PLUS MMP a credentialing application.
- Amerigroup STAR+PLUS MMP will notify Aperture of your intent to become a credentialed provider.
- Amerigroup STAR+PLUS MMP will begin the contracting process if necessary. For contracting, we need you to provide guidance on which products you will serve (e.g., STAR, STAR+PLUS, STAR Kids, CHIP, CHIP Perinatal, Medicare Advantage/Special Needs Plan or Medicare-Medicaid Plan).
- Aperture will collect all credentialing applications, forms, licenses and other relevant information needed to validate your credentials — This is called primary source verification (PSV).
- Upon completion of PSV, Aperture will notify Amerigroup STAR+PLUS MMP for the Credentialing Committee review.
- You will receive a final notification from Amerigroup STAR+PLUS MMP upon completion of all credentialing-related actions.

The CVO process is for credentialing only — Aperture does not contract; you must still contract with Amerigroup STAR+PLUS MMP.

For more information about CVO, please review *Resources for Providers* at <https://hhs.texas.gov/services/health/medicaid-chip>.
