

Expansion of specialty pharmacy precertification list

Effective for dates of service on and after August 1, 2020, the specialty Medicare Part B drugs listed in the table below will be included in the Amerigroup STAR+PLUS MMP (Medicare-Medicaid Plan) precertification review process.

Federal and state law, as well as state contract language and CMS guidelines, including definitions and specific contract provisions/exclusions, take precedence over these precertification rules and must be considered first when determining coverage. Noncompliance with new requirements may result in denied claims.
