Effective January 1, 2015, new pharmacy benefits manager and prior authorization process for Amerigroup* Amerivantage members

Summary of change: Effective January 1, 2015, Express Scripts, Inc. (ESI) will become the pharmacy benefits manager (PBM) for Amerigroup Amerivantage (Medicare Advantage) members in Texas. Express Scripts will also handle all prior authorizations for this membership.

✦ **What this means to you:** For your information only; no immediate action is necessary.

What is the impact of this change?

The change to Express Scripts as our pharmacy benefit manager (PBM) will change the claims processing information. **Please continue to refer to our Preferred Drug List (PDL) and formulary when prescribing medications for your patients.** You will be able to access these on our provider website at <https://providers.amerigroup.com/quicktools/pages/pharmacytools.aspx> under the Medicare section.

Although most drugs on the PDL are covered, **some medications will require prior authorization.** To request authorization, you will need to contact ESI. You can do this by going online to www.expressscripts.com/corporate/.

You may also submit a pharmacy prior authorization request by calling ESI at 1-800-338-6180 or fax your request to 1-877-526-2307.
