

Provider Update

All providers must re-enroll in Texas Medicaid by March 2016

Summary of changes: Texas Medicaid must comply with federal regulations which require all providers to revalidate their enrollment information every three to five years. In accordance with this mandate, the Centers for Medicare & Medicaid Services (CMS) requires that states complete the initial re-enrollment of all providers by March 24, 2016. For Texas Medicaid, any provider enrolled *before* January 1, 2013, must re-enroll by March 24, 2016. Providers can begin this process immediately.

What this means to you: All Texas Medicaid providers enrolled before January 1, 2013, must re-enroll with the Texas Medicaid Healthcare Partnership (TMHP) by March 24, 2016.

Amerigroup* is supporting the Texas Health and Human Services Commission (HHSC) and the Texas Medicaid Healthcare Partnership (TMHP) to remind all providers of this important requirement. All providers who enrolled with Texas Medicaid prior to January 1, 2013 **must** re-enroll with TMHP as required by CMS by March 24, 2016.

You do not need to contact Amerigroup to re-enroll under this requirement. If you are due for recredentialing with Amerigroup, you will receive a separate notice via fax or mail approximately 6 months before your credentialing is due. The re-enroll requirement is specific to your enrollment under Texas Medicaid.
