

## Clinical Utilization Management Guidelines

Attached is a list of the *Clinical UM Guidelines* the health plan has adopted.

The full list of *Medical Policies* and *Clinical Utilization Management (UM) Guidelines* are publicly available on the *Medical Policy* and *Clinical UM Guideline* subsidiary website. Their purpose is to help you provide quality care by reducing inappropriate use of medical resources.

InterQual<sup>®</sup> Criteria is used for:

- Medical necessity review for medical and behavioral health inpatient review.
- Inpatient site of service appropriateness.
- Inpatient rehabilitation and skilled nursing facility review.
- Home health and outpatient rehabilitation.
- Procedures.

Medicaid state contracts, regulatory guidance, CMS requirements and our *Medical Policy/Clinical UM Guidelines* supersede InterQual Criteria.

**Note:** We make determinations of medical necessity on a case-by-case basis in accordance with the definition of medical necessity that is contained within the Medicaid state contract, regulatory guidance, CMS requirements or in our *Medical Necessity Criteria Policy ADMIN.00004*.

If the request doesn't meet established criteria guidelines, it will be referred to a licensed physician reviewer with the appropriate clinical expertise to make a decision.

## **Clinical Utilization Management Guidelines**

The new *Clinical Utilization Management (UM) Guidelines* below were adopted by the medical operations committee for Amerigroup Community Care members on November 19, 2020.
