Coordination of benefits (COB)

Amerigroup follows New Jersey-specific guidelines when COB is necessary. We use covered medical and hospital services whenever available or other public or private sources of payment for services rendered to members.

Providers are prohibited from billing members for the balance of a bill for Amerigroup-covered services or the amount above what we paid for covered services. Providers may not bill or take recourse against a member for denied or reduced claims for services that are otherwise covered services.

After review of the EOB, claims are coordinated by calculating the Amerigroup allowable amount minus the third party liability (TPL) payment. Amerigroup will be responsible for any unpaid balance up to the limit of its responsibility or the member's responsibility, whichever is less. This includes copays, deductibles or coinsurance amounts. If the third-party liability did not pay for a service because the member or provider did not follow the third-party payer's guidelines, Amerigroup will not pay for the service. When a medically necessary service not covered by the third-party payer is covered by Amerigroup (for example, dental services, hearing aids, personal care assistant services, medical day care, incontinence supplies, family planning services), Medicaid is the only payer, and the member cannot be billed.

Payment disputes

- Claims payment disputes must be filed within 90 days of the adjudication date on your Explanation of Payment.
- Claim payment disputes can be submitted online for medical, home and community-based services, behavioral health-mental health and substance use disorder, and durable medical equipment. Log in to the secure provider portal from the provider website at https://provider.amerigroup.com/nj or through https://www.availity.com. For dental and vision claims, see the Our service partners.
