

## State communication

A message from Division of TennCare

### Reminder: TennCare Adult Dental

**Summary:** Beginning January 1, 2023, TennCare Medicaid adult members will have dental benefits included in their health plan. The dental plan will be administered by DentaQuest, TennCare's dental benefit manager. For additional information on the new dental benefits visit <https://www.tn.gov/tenncare/members-applicants/dental-services>.

TennCare is expanding dental benefits for all TennCare adults, age 21 and older, beginning January 1, 2023. Routine dental checkups can improve a person's overall health. Checkups help find early signs of disease, decide treatment, and prevent oral disease. As a health care provider, you can let TennCare patients know the benefits of regular checkups. Also, let them know that they can now see the dentist at no cost to them! DentaQuest will manage all TennCare dental benefits.

For more information on the new dental benefits and resources for your patients, visit <https://www.tn.gov/tenncare/members-applicants/dental-services>.
