

Prior authorization codes moving from AIM Specialty Health to Amerigroup STAR+PLUS MMP (Medicare-Medicaid Plan)

AIM Specialty Health® (AIM) currently performs utilization management review for bi-level positive airway pressure (BiPAP) equipment and all associated supplies. Beginning July 1, 2020, the following codes will require prior authorization with Amerigroup STAR+PLUS MMP (Medicare-Medicaid Plan) rather than with AIM.

Line of business: Medicare-Medicaid plans

E0470	Respiratory assist device, bi-level pressure capability, without back-up rate feature, used with noninvasive interface, such as a nasal or facial mask (intermittent assist device with continuous positive airway pressure device)
E0471	Respiratory assist device, bi-level pressure capability, with back-up rate feature, used with noninvasive interface, such as a nasal or facial mask (intermittent assist device with continuous positive airway pressure device)

AIM will continue to manage the supply codes for automatic positive airway pressure (APAP) and continuous positive airway pressure (CPAP) requests.

Amerigroup STAR+PLUS MMP will continue to follow the COVID-19 Public Health Emergency orders from CMS until the waivers no longer apply. If the Public Health Emergency orders are no longer in place beginning July 1, 2020, the following codes will require prior authorization with Amerigroup STAR+PLUS MMP rather than with AIM when used in combination with the BiPAP codes above.
