Sometimes, a client’s FCS services (for example, AMG — Employment and/or Housing) get disconnected when there is a change with their Medicaid eligibility. Their Medicaid eligibility is automatically reconnected when it becomes eligible again. Unfortunately, since FCS isn’t an entitlement, their FCS services aren’t automatically reconnected in ProviderOne.

If your client’s FCS enrollment segments do not match the authorization period you received from Amerigroup Washington, Inc., it is possible that the Washington State Health Care Authority (HCA) ProviderOne enrollment team needs to update the client’s FCS enrollment in ProviderOne. Notify your FCS manager via email of the FCS reconnection issue. We will research it and send to HCA. If you have any questions, please contact your FCS manager or the FCS team via email at FCSTPA@amerigroup.com or by phone at **1-844-451-2828**.
