

# Virtual Half-day Basics of ASAM Criteria

## *An Evidence-Based Practice Workshop*

This half-day training is designed to provide a brief introduction of The ASAM Criteria. It reviews the historical underpinnings of The Criteria, program-driven vs. clinically-driven care, co-occurring services, ASAM's six dimensions and levels of service.

The training is targeted toward anyone that wants a general understanding of the ASAM Criteria or has a part in the referral to and delivery of behavioral healthcare services.

### Training Objectives:

- Understand the historical foundations and guidelines of the ASAM Criteria
- Differentiate between program-driven and clinically driven models of care
- Review the Six Dimensions and levels of care
- Develop an understanding of Continued Stay, Transfer and Discharge Criteria

**Attendees will earn 4.0 NAADAC Continuing Education Credits (CE's) for participation in the full day.**

**This training is approved by NAADAC, Provider # 193784**
