Disclaimer

These policies serve as a guide to assist you in accurate claim submissions and to outline the basis for reimbursement if the service is covered by a member's Amerigroup Washington, Inc. benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT® codes, HCPCS codes, and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to both participating and nonparticipating providers and facilities.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Amerigroup may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.

Amerigroup reimbursement policies are developed based on nationally accepted industry standards and coding principles. These policies may be superseded by mandates in provider, state, federal or CMS contracts and/or requirements. System logic or setup may prevent the loading of policies into the claims platforms in the same manner as described; however, Amerigroup strives to minimize these variations.

Amerigroup reserves the right to review and revise our policies periodically when necessary. When there is an update, we will publish the most current policy to our provider website.

Policy

Amerigroup will consider reimbursement for the initial claim, when received and accepted within timely filing requirements, in compliance with federal, and/or state mandates.

Amerigroup follows the timely filing standard of 365 days for participating and nonparticipating providers and facilities.

Timely filing is determined by subtracting the date of service from the date Amerigroup receives the claim and comparing the number of days to the applicable federal or state mandate. If there is no applicable federal or state mandate, then the number of days is compared to the Amerigroup standard. If services are rendered on consecutive days, such as for a hospital confinement, the limit will be counted from the last day of service. Limits are based on calendar days unless otherwise specified. If the member has other health insurance that is primary, then timely filing is counted from the date of the *Explanation of Payment* of the other carrier.

Claims filed beyond federal, state-mandated, or Amerigroup standard timely filing limits will be denied as outside the timely filing limit. Services denied for failure to meet timely filing requirements are not subject to reimbursement unless the provider presents documentation proving a clean claim was filed within the applicable filing limit.

Amerigroup reserves the right to waive timely filing requirements on a temporary basis following documented natural disasters or under applicable state guidance.
