

LiveHealth Online

Using LiveHealth Online®* (LHO), when your patients can't see you, they can connect with a doctor, therapist, psychologist or psychiatrist through live video for nonemergency conditions.

LHO doctors can even send prescriptions directly to your patient's pharmacy if needed.

About LHO

- LHO is a website and mobile application that provides 24/7 access to on-demand video visits. It has an urgent care focus and provides convenient access anytime, anywhere in Washington (even at home!) via smartphone, tablet or computer.
- LHO connects patients with board-certified physicians supporting physical and behavioral health.
- Physicians can electronically prescribe to the member's pharmacy.
Note: Only noncontrolled substances can be prescribed.
- It is available at no cost to Amerigroup Washington, Inc. members.

Note, LHO is not intended to, nor can it, take the place of the patient's PCP relationship and the services provided by their PCP.
